## MAPPED BY BIG STICK

The President Bitterly Denounces Governor Haskell.

## ALSO CRITICISES MR. BRYAN

Indictments Were Made by President Roosevelt Following a Long Conference With the Members of His Cabinet.

Washington, Sept. 25.—The "big stick" of President Roosevelt was aimed at the heads of Bryan and Haskell Wednesday night when the latter was pronounced "morally unfit" and the former was sharply criticised. The accusations were made by the president following a prolonged conference with members of the cabinet, at the White House, prepared and gave out his reply to W. J. Bryan, the democratic candidate, relative to W. R. Hearst's charges that Governor Haskell, treasurer of the democratic campaign committee, had represented Standard Oil interests in both Ohio and Oklahoma. Mr. Bryan had demanded proof of the charges, promising that in the event of their substantiation, Governor Haskell would be eliminated from the campaign.

### Sidesteps Ohio Case.

Dismissing the Ohio case, which involved an allegation of attempted bribery, with the explanation that he had made no direct charge against Governor Haskell, as regards that particular instance, President Roosevelt takes up the matter of the Prairie State Oil and Gas Company, and argues that Governor Haskell's action in stopping legal proceedings begun by the attorney general of Oklahoma, demonstrates conclusively that he was controlled by the great corporation in which the Oklahoma company was subsidiary.

After contrasting Mr. Bryan's defense of Governor Haskell as against Judge Taft's repudiation of Foraker in connection with the Hearst charges against the Ohio senator, the president proceeds to declare that Governor Haskell's "utter unfitness for association with any man anxious to appeal to the American people on a moral issue" has been abundantly shown by other acts of his as governor of Oklahoma.

### Haskell is Denounced.

The president condemns Governor Haskell's conduct in connection with various matters as disgraceful and scandalous, and calls especial attention to what he describes as "prostitution to base purposes the state university." This fresh charge against the governor rests on an article in *The Outlook*, from which the president quotes, and which he says forces the conclusion that Governor Haskell is unworthy of any position in public life.

The latter portion of Mr. Roosevelt's deliverance is devoted to criticism of Mr. Bryan's plea for regulating the trusts which he characterizes as a measure that sounds more radical than any advocated by the politicians but which in practice would not work.

Guthrie, Okla., Sept. 25.—Governor Charles N. Haskell has issued a statement in reply to President Roosevelt's letter to William J. Bryan, dealing with four specific charges against Mr. Haskell, namely, that he is subservient to Standard Oil; that he received a child labor bill; that he vetoed extensively in Creek Indian lands, and that he had allowed oil to dominate him in the removal of members of the faculty of the state university and the appointment of others to succeed them.

Governor took up the four charges in frank answer by President, in turn, dealing with each in a characteristic manner explaining his reasons for his course taken in each case and defending himself in vigorous language.

Shot Man to Death.  
Montgomery, Ala., Sept. 25.—Griffith Cox, who returned to this city yesterday night from the coal mining

at Pratt, Ala., where he had served four years for assault to murder upon an aged man, was shot to death Thursday in the southern part of this city by Anderson Burden. Burden claims that Castor visited his house while he was absent and cut up his clothing, and on his second appearance, when he broke open the door he shot him dead with a double barrel shotgun. Burden is under arrest.

### IDENTITY IS DISCLOSED.

Man to Whom Judge Taft Addressed Letter by Protest.

Chicago, Sept. 25.—The identity of the man to whom was addressed Judge Taft's letter protesting against the endorsement of himself and Senator Foraker in the same resolution given out by President Roosevelt Monday evening was disclosed Wednesday night.

Judge Taft said that he had written the letter to Arthur I. Vorys, chairman of the republican state committee of Ohio. President Roosevelt refused to make the name public, and Tuesday, in Cincinnati, Mr. Taft refused either to discuss the letter or to give the name of the man to whom he wrote.

At his rooms in the Auditorium annex, just before he went to Orchestra Hall, Secretary Taft was asked to give the name.

Mr. Taft made it plain that he would prefer not to discuss the letter and at first refused to say.

"If President Roosevelt did not want to give out the name I don't see why I should," he said.

Then he added: "Arthur I. Vorys is the man. I wrote that letter to him."

### TRAGEDY AT WEST TAMPA.

Mayor Milan Suicided When Wife Bade Him Goodbye.

Tampa, Fla., September 25.—In the presence of his wife, he had just told him goodbye, intending to again begin proceedings for divorce, Francisco Milan, mayor of West Tampa, committed suicide in a bed room at his residence Wednesday afternoon by placing the muzzle of a revolver in his mouth and discharging two bullets through his brain. His wife had decided to leave him, and when she said farewell, Milan replied:

"It is best to end everything now," and suicided.

Milan had served eight terms as mayor of West Tampa and enjoyed the respect of all citizens. He was a Cuban by birth. Louis Milian, son of the deceased, states that he had made two attempts to commit suicide recently.

### ENDORSED BY PEOPLE.

Governor Haskell and His Policy Toward Union Movement.

Mineral Wells, Texas, Sept. 25.—National Traveling Organized Henry M. Walker, of the American Federation of Labor, who is familiar with the labor conditions in territory which comprises Missouri, Kansas, Oklahoma, Arkansas and Texas, and who is personally acquainted with Governor C. N. Haskell and his policy toward the union movement in Oklahoma, said Thursday:

"I am well acquainted with Governor Haskell and his policy toward our union movement, in Oklahoma. Governor Haskell and his policy is well understood and has been endorsed by the people of that state. His own actions have proven him to be a man of fair dealing, both on economic and political fields, and this is all that members of organized labor asks of any man."

### Texas Will Put Up Fight.

Austin, Texas, Sept. 25.—Texas, through its railroad commission and shipping interests generally, is to put up a strong fight before the interstate commerce commission next Monday when the commission's complaint comes up for hearing in St. Louis.

A mass of data has been gathered by Assistant Attorney General Postard and the commission also compiled a large amount of statistics showing that 16 per cent increase in interstate freight rates is justifiable.

## SWEEP BY HURRICANE

### Great Devastation Wrought In the Bahama Islands.

### MANY BUILDINGS DESTROYED

While No Detailed Information Has Been Received From Many Points, It Is Believed That the Distress Is Great.

London, Sept. 25.—The Colonial office has received a cablegram from Sir William Gray Wilson, governor of the Bahama Islands, regarding the devastation wrought by the hurricane of September 11-13.

Sir William says that the islands of the great and little Inagua, Acton Island, Crooked Island, Fortune Island, Long Island, Rum Cay and Watlings Island were swept by the storm.

All vessels caught by the storm were either stranded or wrecked. At Clarence, on Long Island, the residences, the jail, the court house, all the churches and 97 per cent of the dwellings were completely destroyed.

No detailed information has yet been received from many of the islands, and the distress is believed to be great.

### SWEEP BY TYPHOON.

Death and Destruction Left in Its Wake in Philippines.

Manila, Sept. 25.—A typhoon of terrific velocity swept through the central portion of the Philippine group, sweeping part of the island of Samar, northern Leyte, southeastern Luzon, northern Panay, Masbate and part of Romblon. The typhoon disappeared in the China sea, moving in a direction west by northwest.

Wires are prostrated and available details of the damage done are meager. It is evident, however, that serious disaster followed in the wake of the sudden storm.

A telegram from a town in Masbate reports that every building in the place was razed with the single exception of the postal building.

A dispatch received from Romblon says that the typhoon caused a great loss of property and undoubtedly many persons have been killed.

### NIGHT RIDERS POST NOTICES.

Ginners Near Monticello, Ga., Given Warnings.

Monticello, Ga., Sept. 25.—The following notice was posted on Gilmore Bros.' gin house Tuesday night: "Night Riders' order do not gin till cotton sells for 10 cents on penalty of fire, fire, fire! Do you believe it? You had better."

The writing was done in ink, and the letters capitalized. Mr. Gilmore says that he will continue to gin as long as he can.

A similar notice was found on Jesse Kinard's gin house door Monday. Mr. Kinard lives 7 miles west of Monticello.

### FATAL TRAIN WRECK.

Engineer and Fireman Killed Near Carthage, Mo.

Kansas City, Mo., Sept. 25.—A St. Louis and San Francisco passenger train was derailed near Carthage, Mo., Thursday.

A telephone from Carthage, Mo., says the wrecked train was the northbound passenger for St. Louis. All the cars left the track and the engine and baggage car went into the river. The engineer and fireman were instantly killed and about 36 passengers injured, some of them fatally.

Williams Given Twenty Years.  
Summerville, Ga., Sept. 25.—R. T. Williams, tried for rape, was found guilty and recommended to the mercy of the court. He was sentenced at once to twenty years in the penitentiary. The jury was out eighteen hours. Williams is a white man and he was charged with criminally assaulting the Negro daughter of Mrs. Hines, of this place.

### CHARLES DAVIS ARRAIGNED.

Charged With the Murder of Dr. Fredrick Rustin.

Omaha, Neb., Sept. 25.—The little court room at the police station was Wednesday filled to its capacity when Charles E. Davis, charged with the murder of Dr. Frederick Rustin on the night of September 1, appeared for preliminary hearing. Davis came to the court accompanied by his two brothers, Frederick H. Davis, vice president of the First National Bank, and Thomas Davis, a prominent real estate dealer, and was represented by an array of well-known attorneys.

Cameras were on hand to catch snapshots of persons who had any interest in the case, and they attracted a crowd outside the police station nearly as large as the one gathered inside. A big squad of police was on hand to care for the crowd.

Mrs. Abbie Rice, who gave the sensational testimony before the coroner's jury, came in shortly before the proceedings began. In charge of the police matron, who has been her only companion since Mrs. Rice was detained. Mrs. Rice was apparently less composed than on former occasions. She remarked to the matron that she would be glad when it was over, and appeared nervous when brought within the witness rail.

The proceedings were before Police Judge Crawford.

### NARROWLY ESCAPED DEATH.

Mob Had Formed to Lynch Negro at Hattiesburg, Miss.

Hattiesburg, Miss., Sept. 25.—Albert Johnson, a negro living on the Beard place in Lamar county, narrowly escaped death Wednesday night at the hands of a mob in Hattiesburg.

The negro appeared at the home of Mrs. Beard several times during the afternoon and asked for water which was given him each time. The last time he came to the home Mrs. Beard and her daughter were alone and the negro became impudent and refused to leave the premises when ordered away. His actions became so threatening that Mrs. Beard called two white men who were passing the place at the time. At the approach of the white men the negro ran, but was later captured and brought to Hattiesburg.

It was rumored early in the night that a mob was being formed to lynch the negro. Sheriff Magruder hurried his prisoner across the river to Petal, where he boarded a train for Ellisville and landed Johnson safely in jail there.

### Goodwin Charges Desertion.

Philadelphia, Sept. 25.—Desertion is the charge upon which Nat Goodwin, the actor, is basing his suit for divorce, which he has brought against his wife, Maxine Elliott. Miss Elliott herself is authority for the statement. She is playing an engagement at a local theater. She declined to further discuss the matter.

### Old Fighters May Meet Again.

Montgomery, Ala., Sept. 25.—President Forbes, of the Alabama state fair announces that a trial has almost been closed whereby Sullivan and Kilrain, who once fought for the championship of the world, will give a sparring match in this city. He says that correspondence indicates that the offers made will be taken up.

### Countess of Yarmouth Drops Title.

London, Sept. 25.—The countess of Yarmouth, sister of Harry K. Thaw and who recently was granted a decree nullifying her marriage, has announced formally through her lawyers that she has decided to drop her title and henceforth be known as Mrs. Copley Thaw.

### Cholera in Manila Abating.

Manila, Sept. 25.—The epidemic of cholera continues to assume less alarming proportions. The daily average of new cases discovered or reported is about thirty. Josephine Hall, an American infant, attacked several days ago, is dead. No American have been stricken by cholera since the last report.

## MENACED BY FLAMES

People Fled From Lumber Camps In California.

### THRILLING DASH OF TRAIN

Refugees Made Daring Trip on Train With Flames so Close That the Paint on the Cars Was Blistered by the Heat.

Eureka, Cal., Sept. 25.—A great forest fire is raging near here, fanned by a fifty-mile gale, and already the plant of the Kelstrom Lumber Company, valued at \$60,000, has been destroyed. The fire is threatening the tracts of the Redwood Lumber Co. lying between Kelstrom's and Trinidad. Toward the latter place refugees are flocking from many camps. The million dollar plant of the Redwood Lumber Company is directly in the course of the flames.

A passenger train engine arrived at Sausalito Wednesday night, carrying refugees from Lufkinholz and Fieldbrook, the former town having been destroyed by the flames. The refugees were hemmed in by the flames and the daring trip through the fire on the train was proposed. The dash was made with the flames so close that the paint on the cars was blistered in the heat.

### REAR-END COLLISION.

Wreck on New York Central Wednesday Due to Heavy Fog.

Utica, N. Y., Sept. 25.—In the heavy fog that prevailed Wednesday morning the westbound fast mail on the New York Central railroad ran into a West Shore passenger train that had been held in one of the blocks near Little Falls.

The mail train had been brought to slow speed because of the fog, otherwise there probably would have been considerable loss of life. The injured are confined to railway postal clerks, three of whom were hurt.

Passengers in the sleeping cars on the passenger train were thrown about to some extent, but the railroad company reports that none of them is injured.

### IN PERIL OF HIS LIFE.

President Cabrera in Constant Danger of Assassination.

New Orleans, La., Sept. 25.—Advice from Central America, telling of the last attempt to assassinate President Cabrera of Guatemala and the constant danger the executive is in, are supplemented by private letters received by some of the local consular corps, which tell of the elaborate preparations Cabrera has made to guard himself in future.

Realizing that his enemies are determined to take his life at the first favorable opportunity Cabrera, it is stated, will hereafter protect himself with a strong guard.

### Declared Unconstitutional.

Newport, Ark., Sept. 25.—Judge Chas. Coffin, presiding in the Jackson circuit court Wednesday in the case of the state of Arkansas against the St. Louis, Iron Mountain and Southern railway company, in which Prosecuting Attorney R. E. Jeffrey was suing for the penalties provided for non-compliance with the provisions of the eight-hour day telegraph operators in the train service act, passed by the last legislature, dismissed the case declaring the act unconstitutional on the ground that it interfered with interstate commerce, and the subject was covered by an act of congress.

### Kaiser Acknowledged Greeting.

Berlin, Sept. 25.—Emperor William sent an acknowledgement of the greetings of the International Press Congress, now in session here, in which he said: "I hope you all will enjoy yourselves in my capital and I expect you to place the new ties you form on this occasion at the service of the great civilizing mission of the international press."

## OWENS ATTACKED BY UNKNOWN PARTIES

**Shoot at Him and His House in Hours of Darkness.**

**LOAD OF BUCKSHOT FOR HIM**

**Was Party Who Shot Man Near Alachua Last Week, Who, He Alleges, Insulted His Wife While in Her Own Home.**

R. H. Owens, who resides near Alachua, is now being visited by unknown parties who evidently want to take his life.

During the early part of the week unknown parties visited his house and from ambush shot at him a load of buckshot, several of the shot hitting him, but as the distance was considerable, they did not take serious effect. He was hit in the head with some of the shot while two of them grazed his neck, and the scars still remain as proof.

Not satisfied with this, they again visited his home on Friday night when they discharged two loads of shot into his dwelling house in order to induce him to come out that they might have a better show at their marked victim.

About two weeks since Owens shot a party at his home, who he claims insulted his wife, and this is probably the outcome of the first shooting affair.

Owens was in the city Friday to look into the case, and will have warrants issued for the parties that he supposes did the shooting. At the first attempt he claims that he recognized the party that fired the gun, as it was just beginning to get dark when the attempt on his life was made.

**COTTON COMING TO MARKET.**

**Tucker Ginnery Now Receiving It by the Carload.**

Since the perfect operation of the Tucker ginnery, that institution is receiving the fleecy staple in car lots daily, and the scene around the plant is a busy one.

The proprietors already find that they will be compelled to enlarge their plant another season, and this they propose to do before the time arrives to begin work of ginning.

Taking into consideration that the season was so far advanced, they did not deem it necessary to install more gins this year, but the large demand made upon them has proven otherwise, and they are receiving cotton that they had not anticipated they would get this year.

The capacity of the plant is ten bales daily, and they are now putting up its full capacity, it being difficult to keep up with the amount of cotton that is being received.

**OFFERING WAS GOOD.**

**Neat Sum Raised by the Local Lodge of Rebekahs Thursday Night.**

The neat sum of \$14 was raised by the Rebekah lodge on Thursday night as their offering for the orphanage fund.

After the regular meeting, at which some new members were given the degree work, the lodge took up the matter of a free-will offering for this worthy institution, which was liberally responded to.

It is the desire of the lodge to increase this amount, and they will hold it open for others to join them in sending a larger contribution.

Anyone desiring to contribute to the cause can do so by handing the amount to any of the Rebekahs, and it will be duly forwarded and at the same time be assisting not only the Rebekahs in making a fine showing, but also the orphanage.

**JOHN NICHOLLS, OF SPARTANBURG.**

John Jerome Rooney in Seventh (N.Y.) Regiment Gagette.

You've told your tale how our brave boys fought In the days of sixty-three, How they carried "Old Glory" through field and flood

From the mountains to the sea.

And as long as a heart shall beat with pride

When our country's song is sung, The deeds of our lads in the bonny blue

Shall ring from the minstrel's tongue.

But I'll tell you a tale that'll make you think—

As sure as Gospel facts—

That the Northland hadn't the only call

Of clean white manly acts.

You know how Grant had missed our men

In the spring of sixty-four,

And how, near Spottsylvania town, He pushed us to the fore.

We tried that day, in a wild, fierce charge

To carry the rebels' works, But they held their ground with the stubborn grip

Of the death-inviting Turks.

The deadly hail came tearing out

Of their forward rifle-pits,

And the "Yank" who'd try to get fresh air Would take it in cut-up bits.

Well, I need not tell you we pumped it back

In a steady stream of lead;

And woe betide the topmost tip

Of a "Johnny rebel's" head!

Well, what do you think?—no, you'll never guess

If you guess the whole year thro'

When our muskets were crackling like kindling wood

And the air was red and blue

Out of the nearest rifle-pit.

A "Johnny rebel" crawled.

To say we couldn't believe our eyes Is to draw it not too fine—

But sure enough he was creeping along

Straight at our blazing line.

What's that you ask?—did you stop to look?

Well you should have seen the way We shot the stream of molten fire

At that mad, dim patch of gray.

Why, you'd thought an ant couldn't live out there

Where that seething torrent fell; And you'd say that a passing butterfly Would singe in that living hell.

But there he was a crawling down Full-length on the crimson grass— The tarts would jump where our bullets struck.

And the blue smoke rise and pass.

But still, with a death-defying luck, That "Johnny rebel" came, With never a halt or turn aside, From that bath of lead and flame.

He had got some fifteen feet away From the mouth of his rifle-pit (And if ever the law of chance held good

He'd never get back to it)

When he reached a little sumac bush That grew in the open field (It wasn't leafy enough for a screen, Nor thick enough for a shield.)

And he half stretched up and broke a twig—

(Heigh-ho, how the bullets flew!)

He needn't have snapped it off, we thought— Our lead would have cut it in two.

Then he turned a hand to his old canteen, He fixed it fast to the stick, And forward he leaned on the bloody grass

With a motion sharp and quick— When up from the sod a soldier raised—

His last great fight was fought— And we saw—great God! our captain quaff

The water the "Johnny" brought?

We saw the light of a mighty joy

Come over his dying face, And we thought we saw, thro' the drifting smoke

The North and the South embrace!

Jim Brown; who never was known to melt,

Looked down at his riddled coat, Then, turning, walked half-shamed away—

For his eyes were all afloat!

Ah, boys, we were weaker than babies then,

And our thanks rose deep and slow

To the mighty one who had turned our shot

From the breast of our dearest foe!

And many a deed I've seen in war That the books have spelled out large,

But never a sweeter act I'll see Till I take my last discharge!

Yes, we asked his name when the fight was done,

As a miner'd looked for gold,

And over the Yankee fires that night the story was told and told.

We blazed his deed in our inmost hearts,

And not till their doors are bust

Shall vanish John Nicholls, of Spartanburg,

Of the South Carolina First!

\*Private John M. Nicholls, Company H, First South Carolina Volunteers, Spottsylvania Court House, May 18, 1864. An authentic incident.

The above lines were sent to The Sun by Judge Chamblin of Archer, who is an old friend of the hero referred to. Mr. Nicholls is now sheriff of Spartanburg county, S. C., and is well known to many citizens of Alachua county.

# THE LARGEST ORANGE CROP SINCE FREEZE

Micanopy and Tacoma Sections Will Have Plenty of Fruit.

WILL MOVE FRUIT IN OCTOBER

Thousands of Boxes Will Be Shipped from That Section the Coming Season—Prices Offered Are the Lowest for Many Years.

The Micanopy and Tacoma sections will represent old times among the orange groves there the coming season and a large number of crates will be shipped from these points.

From parties residing in that section of the county it is learned that the trees are all well laden with the golden fruit and that the quality is very good, there being few oranges which will come up to the best grade of fruit.

Very few russets have been discovered in the groves and although present prices do not indicate it, the growers anticipate good returns.

In speaking of the matter Friday one of the main growers of that section said that they would not attempt to ship their fruit while it was green; it would wait until it was fully ripe and ready for the market, which will doubtless give them a edge over the shippers of green fruit.

There are a large number of groves in that locality that have been reduced since the great freeze, and the owners are proud of them. It sounds one of the good old times in this State when many had nothing to do but depend upon the orange crop, which was a sure money-bringer.

## TH PARK COMPANY.

The C. W. Park show opened a week's engagement in this city last night and played to a good house. This is the most popular company that comes to Gadsden and always draws good crowds.

Last night marked the opening of the season for Mr. Park, and everything was brand new—play, costumes, music, tent and seats—and the audience was delighted with the offering. New members had also been added to the company and these shared the applause with the old favorites.

The most striking improvement in the show is the addition of a musical company, and this part of the performance was a delightful surprise. Singing costumes, and new musical numbers, combined with brilliant electric effects, brought down the house and were greeted with a storm of applause.

The hit of the evening was the song, "Swing Me Higher, Obadiah," in which four pretty girls chanted the chorus while being swung in swings, the ropes of which were twined with rows of parti-colored electric bulbs. The play was "Convict's Stripes," a comedy drama, and was well acted throughout.—Gadsden (Ala.) Times-News.

This company will open in Gainesville for one week, commencing next Monday, September 28th. Prices, children 25c; adults 35c; reserved seats 50c extra.

Location of the canvas theatre same as before—at the corner of University and Arlington streets.

## Truth and Quality

appeal to the well-informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

## NEWS OF CITY AND COUNTY CONDENSED

P. H. Baker, after a short visit to his family here, left yesterday for a business trip to Jacksonville.

Dr. J. D. Watkins, cashier of the Micanopy bank, was in the city yesterday on his return from a business trip to Atlanta.

W. L. Davis was in the city yesterday from his valuable "Shady Nook" farm, which is located about seven miles west of the city. He is planting his usual fall crop and was here after the expensive part of the business—the fertilizer.

Miss Kate Tomkies will leave today for Sanford, where she is engaged as teacher in the public school of that city. She will be accompanied by her mother, Mrs. F. E. Tomkies, who will visit her daughter Mrs. Burke, for some time.

A. G. Lamb, one of the prosperous truckers and merchants of the Micanopy section, was in the city yesterday. He came up with a supply of fresh pork for the Gainesville market and has been supplying this city for the past several weeks with an extra fine grade of fresh hog meat.

N. Francisco will leave on Monday for Alabama points, where he goes in search of fruit for his two stores. He will also have a car of bananas here the following week and says that he proposes from now on to look out for his customers by having the best that there is to be found for them in the fruit line.

H. A. Bodison, one of the jolly bunch of twelve insurance solicitors for the State Mutual of Rome, Ga., returned to the city yesterday from Alachua, where he has been "doing some" for the past week. The even dozen make their headquarters at the Brown House and are the "whole article" around that popular hotel.

## WALKER SKIPS WITH McLENDON'S CASH

Gave Trusted Man Money To Pay Bills, Which He Failed To Do.

### BEEN GONE SINCE THURSDAY

Negro Mad Been Working for McLendon for Months and This is His First Theft so Far as Known by His Employer.

I. H. McLendon, who conducts two stores near the Seaboard depot, is minus his clerk and cash, for both disappeared together on Thursday morning, and neither have been heard from since.

The clerk, Paul Walker, has been in McLendon's employ for some months, and was fully trusted by his employer. He may have been engaged in the game of petty larceny all along so far as McLendon knows, but on Thursday he gave him money and asked him to come up town and pay some bills to merchants that he was due in the city. Instead of paying the bills as requested, Walker took the money and boarded the train, and has not since been heard from.

McLendon has had a warrant issued for the arrest of the thief and if caught he proposes to handle him to the full extent of the law, as he had promised the parties to whom he was in debt that he would settle with them on Thursday.

The fact that the negro had all the week's sales of McLendon will necessitate another week's business before he will be able to meet his obligations to the uptown merchants who accommodated him.

### SURRENDERS TO POLICE.

**Harried by Conscience, Man Confesses to Killing Another.**

Memphis, Tenn., Sept. 26.—"Conscience makes cowards of us all," said W. R. Manuel, of Mobile, Ala., when he walked into the police station Wednesday and confessed to having shot and killed W. M. Blount, a hotel man, in Mobile, on October 29, 1907. Manuel, after his confession, said that he was known in Mobile at the time of the murder as H. L. Ashlear.

The police have communicated with the Mobile authorities.

### Story of the Killing.

Mobile, Ala., Sept. 25.—The killing of W. M. Mount by W. R. Manuel occurred October 29, 1907, in front of a store at the northwest corner of Georgia and Conception streets. Manuel shot Mount three times with a revolver. Manuel was employed by the Mobile, Jackson and Kansas City railroad as a brakeman and boarded at Mount's house. It is alleged that he owed Mount a sum of money for board. Mount filed a garnishment against Manuel which angered the latter. On the morning of the above date the two met in a saloon and grocery. Manuel, according to the testimony at that time, fired three times, all bullets taking effect. Mount lived but a few minutes.

### No Truth in the Report.

Berlin, Sept. 24.—The report published by the Tagesschau that Baron Mann von Schwarzenstein, present German ambassador to Tokio, is to be sent to Washington in succession to the late Baron von Sternburg as ambassador to the United States, is quite without foundation and it was said here that there was not the least likelihood of this transfer being made. The matter of the succession to Baron von Sternburg has not yet been settled.

#### To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newber's Herpside does this because it is specially made to do that very thing.

When the germ is removed, the hair has no chance but to resume healthy growth and beauty.

**DEW-PONDS OF THE ANCIENTS.**

One of the prehistoric methods used in securing a water supply in sections where it was impossible to secure it from natural sources or where it became necessary to live on elevated territory for defense, was by the construction of dew-ponds, says The October Popular Mechanics.

These dew-ponds were made by hollowing out the earth for a space far in excess of the apparent requirements of such a pond, then thickly covering the whole of the hollow with a coating of straw. The straw in its turn was covered by a layer of well-chosen, finely puddled clay, and the upper surface of the clay closely strewn with stones.

Such a pond will gradually become filled with water, the more rapidly the larger it is, even though no rain may fall. During the warmth of a summer day the earth will store a considerable amount of heat, while the pond, protected from the heat by the non-conductivity of the straw, is at the same time chilled by the process of evaporation from the puddled clay. The consequence is that during the night the moisture of the comparatively warm air is condensed on the surface of the cold clay. As the condensation during the night is in excess of the evaporation during the day, the pond becomes, night by night, gradually filled.

**NO COMPLAINT.**

The attitude of the State press on the demise of the administration paper, L'Engle's Sun, reminds one of the story of a Northwestern man, noted for his meanness.

The man went to a neighboring State to visit and died there.

This fact was wired to his relatives, who were, of course, anxious to know something of the particulars.

They inquired by telegraph regarding the death, and asked, "What complaint?"

Back came the answer, clear and concise:

"No complaint; everybody satisfied."—Miami News-Record.

Often The Kidneys Are

Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles.

You may have a sample bottle of Swamp-Root by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NATURE  
AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 615 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.

"For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue can tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.

## DEATH OF JOHN FLOYD.

Caused from Accidental Discharge of His Own Gun.

Alachua, Sept. 25.—A well-known and respected farmer residing three miles west of Alachua died Tuesday morning at 1 o'clock, from the effects of a gunshot wound in his left arm.

About ten days previous to his death his attention was attracted by a polecat among his chickens near the house. He shot the cat and set the gun down, when the hammer struck an unseen object and the gun was discharged, the load entering his left arm near the elbow, blowing off part of the joint and mutilating the flesh terribly.

Dr. J. W. Bishop dressed the wound and attended him all during his illness and pronounced his wound as doing nicely, but last Friday he grew worse and blood poison developed, causing the wound to be fatal.

Mr. Floyd was well known and loved by all who knew him. He was 27 years of age and a devout Christian, and he told his dear ones that he felt prepared to meet his Creator.

Mr. Floyd leaves a wife and two little children, his father, mother, two brothers and two sisters to mourn his death. He was a kind and affectionate husband and a dutiful son.

His remains were interred in the Forest Grove cemetery Tuesday evening, the burial services being conducted by Rev. Foster of Alachua. Many beautiful flowers were carried by kind and loving friends and drawn on the grave.

"Dear Johnnie has gone to heaven.  
His place is vacant here.  
But we know that we shall meet him  
In that land that is free from care."

MRS. J. B. WARMACK.

K. OF P. HALL WILL  
NOT BE BUILT NOW

Parties Owning Lot On East Liberty Street Refuse to Sell.

## SEVERAL SITES INVESTIGATED

Nothing of a Desirable Location Could Be Obtained Anywhere Near the Figure They Have Allotted to Spend on Same.

The proposed building for the Knights of Pythias is now a thing of the past, as the committee have failed to secure a suitable lot for the erection of the building that they proposed to put up.

The committee appointed for the purpose have been quietly at work for several months trying to find a suitable location that would come within the bounds of the appropriation for this purpose, but nothing of a suitable nature could be secured.

For some time they supposed that they had the lot adjoining the Tabernacle, and considered the trade closed all but making the transfer, but it seems that the parties who now own this property refused to sell.

Other places were looked at, but nothing that was desirable could be found that would meet their requirements for the price.

The matter is deeply regretted, not only by the members of Mount Vernon Lodge No. 20, but by the citizens generally, as it would be something nice for Gainesville to have three handsome buildings all owned by three of the leading secret societies of the city, and something that few cities of the State can boast of.

While the project has not entirely been abandoned, it will be necessary for the lodge to wait for the funds to be increased before they will be enabled to purchase the high-priced lots that have been quoted them.

## Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physician for diabetes, but did not improve until I took Foley's Kidney Remedy. ## BRAYAN STIRS OHIO.

Candidate Speaks to Immense Crowd at Columbus.

Columbus, Ohio, Sept. 25.—Twelve speeches to enormous crowds marked the second entry of William J. Bryan, democratic candidate for president, into Ohio, during the present campaign. His concluding speech was made here Wednesday night to an overflow crowd of 20,000 persons, while just previously he had addressed the largest audience that ever assembled in Memorial hall. Red fire was burned profusely on the outside, while within the hall a brass band enlivened the audience by playing patriotic and plantation airs.

Mr. Bryan's appearance on the platform created a scene of the wildest enthusiasm. He was introduced by James Kilbourne, the democratic candidate for governor of Ohio several years ago. While Mr. Bryan was speaking, Judge Harmon, the present democratic candidate for governor of the state; John J. Lentz and others were addressing the crowd outside. In none of his remarks did Mr. Bryan touch upon the charges against Governor Haskell.

## ATLANTA CITY PRIMARY.

Thirty-Five Candidates Contested for the 23 Places.

Atlanta, Sept. 25.—The white city primary was held here on Thursday. The mayor, three aldermen ten councilmen, a city tax collector, a city engineer, a commissioner of public works, a city treasurer and four members of the city executive committee were voted for.

There were 35 candidates running for the 23 places. Local politicians predicted that about 9,000 votes would be polled out of a registration of 14,849.

## Brown Rally at Macon.

Macon, Ga., Sept. 25.—Hon. Joseph M. Brown was given a most enthusiastic reception at the democratic rally at the city auditorium Wednesday night. Fully 3,000 people heard him in clear, concise discussion of the issues upon which he ran for governor. His impression upon his audience was a most favorable one. He appeared in a plain business suit, and met the people and talked without ceremony. His speech took with the vast number who heard him.

## To Publish Southern Monthly.

Richmond, Va., Sept. 25.—A charter has been issued by the state for the publication in Richmond of the Southern Literary Messenger, naming as incorporators Dr. W. W. Phelan, of Chattanooga, Tenn., president; L. S. Smith, Front Royal, Va., secretary and treasurer, and Alfred B. Williams, Richmond. Its projectors plan to make it a representative southern monthly, with the best southern authors only.

## Alabama Furnaces to Resume.

Birmingham, Ala., Sept. 25.—The lady Ensley furnace at Sheffield, Sloss-Sheffield Steel and Iron Company, is now making iron, the torch being applied the first of the week. This makes the second furnace in Alabama to resume operations this month. Preparations are being made to blow in a third furnace before the end of the month with two or three furnaces to be ready to go into blast during October.

## Bryan Bars Son From Race.

Lincoln, Neb., Sept. 25.—Upon hearing of his son's candidacy for president of the sophomore class of the University of Nebraska, William J. Bryan expressed his displeasure, and W. J. Bryan, Jr., immediately announced his withdrawal from the race. Young Bryan had consented to become a candidate only after much urging by his classmates.

## A Burglar in Town.

His name is "bad cough." He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound Syrup—it may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c. 50c and \$1 per bottle. Sold by W. W. Johnson.

## Bad Symptoms.

The woman who has periodical headaches, backache, sees imaginary dark spots or specks floating or dancing before her eyes, has gnawing distress or heavy full feeling in stomach, faint spells, dragging-down, ceiling in lower abdominal or pelvic region, easily startled or excited, irregular or painful periods, with or without pelvic cramps, is suffering from weaknesses and derangements that should have early attention. Not all of above symptoms are likely to be present in any case at one time.

Neglected or badly treated and such cases often run into maladies which demand the surgeon's knife if they do not result fatally.

No medicine extant has such a long and numerous record of cures in such cases as Dr. Pierce's Favorite Prescription. No medicine has such a strong professional endorsement of each of its several ingredients—worth more than any number of ordinary non-professional remedies.

The very best ingredients known to medical science for the cure of woman's peculiar ailments enter into its composition. No alcohol, harmful, or habit-forming drug is to be found in the list of its ingredients printed on each bottle wrapper and attested under oath.

In any condition of the female system, Dr. Pierce's Favorite Prescription can do only good—never harm. Its whole effect is to strengthen, invigorate and regulate the whole female system and especially the pelvic organs.

When these are deranged in function or affected by disease, the stomach and other organs of digestion become sympathetically deranged, the nerves are weakened, and a long list of bad, unpleasant symptoms follow. Too much must not be expected of this "Favorite Prescription." It will not perform miracles; will not cure tumors—no medicine will. It will often prevent them, if taken in time, and thus the operating table and the surgeon's knife may be avoided.

Women suffering from diseases of long standing, are invited to consult Doctor Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser (1000 pages) is sent free on receipt of 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy. Address as above.

## The Whole Business.

A very young housekeeper went to market to purchase a spring chicken. After selecting one and inquiring the price she said:

"Isn't 3 shillings rather high? The poultryman in our road only charged me 2s. Od. the other day."

"With the feet on?" asked the salesman.

"No. I believe, now you mention it, the feet were cut off," she replied, with some hesitation.

"I thought so," said the man at the stall. "When we sell a fowl here, ma'am, we sell it feet and all"—London Scraps.

## Insect Notes.

The slow flapping of a butterfly's wing produces no sound. When the movements are rapid, a noise is produced which increases with the number of vibrations. Thus the house fly, which produces the sound of F, vibrates its wings 21,120 times a minute, or 335 times a second, and the bee, which makes a sound of A, as many as 26,400 times, or 440 times a second. A tired bee hums on E and therefore, according to theory, vibrates its wings only 320 times a second.

Millions of bottles of Foley's Honey and Tar have been sold without any person ever having experienced any other than beneficial results from its use for coughs, colds and lung trouble. This is because the genuine Foley's Honey and Tar in the yellow package contains no opiates or other harmful drugs. Guard your health by refusing any but the genuine. J. W. McCollum & Co.

## An Original Oath of Allegiance.

In the old days when the Spanish province of Aragon was a proud and independent monarchy the people used when choosing their king the following singular form of election:

"We, the freeborn inhabitants of the ancient kingdom of Aragon, who are equal to you, Don Philip, and something more, elect you to be our king on condition that you preserve to us our rights and privileges. If in this you should fail we own you for our king no longer."

## Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If its complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Croam Vermifuge. The only cure that never fails and has no bad effects. Sold by W. W. Johnson.

## Declined in Rebuttal.

Authorress of the budding variety—I got level with the editor last night. He always rejects my manuscripts. But I have had my revenge. Friend—How did you do it? Authorress—I declined his son with thanks.—Pick-Me Up.

## Driven From Home.

"Did you hear that the daughter of that rich man in the next street had been driven from home?"

"No! When did it happen?"

"Just after she got into the carriage."

## A Story of Blackie.

Professor Blackie of Edinburgh, a martinet in the class room, was one day bearing a class with the individuals of which he was not acquainted. Presently a student rose to read a paragraph, his book held in his right hand.

"Sir," cried the professor in his automatic way, "hold your book in your left hand!"

The student was about to speak, but the professor stopped him with a peremptory command:

"No words, sir; your left hand, I say!"

Then the student held up his left arm, which ended at the wrist.

"Sir," said he, "I have no left hand."

Before the professor could speak there came a perfect storm of hisses from the class, and when he did speak the hisses drowned what he said. Then he left his place and went down to the student whose feelings he had unintentionally hurt, threw his arm around him and drew him close.

"My boy," said the professor, speaking softly, yet being heard by every one in the room, "you'll forgive me that I was overwrought. I did not know! I did not know!"

Then he turned to the students, and, with a look and a tone that came straight from the heart, he said:

"And let me say to all of you that I am glad to be shown that I am teaching a class of gentlemen!"

## Limitations of Practice.

In an Iowa town an action for ejectment was tried "by the court without a jury," the suit having been brought by a religious society to recover possession of a cemetery. The defendant, a physician in active practice, had bought the ground for the use of the society, but when afterward he severed his connection with the organization it was discovered that he had taken the title in his own name and evidently intended to hold on to it. After duly weighing the evidence the court ordered judgment for the plaintiff, stating briefly the reasons for the decision, whereupon defendant's counsel desired to be more fully enlightened in the premises.

"Certainly," said his honor. "In addition to what I have already said, there are but two other reasons. One is that the church seems to need a cemetery, and the other is that the doctor has failed to show that his practice is sufficiently large to necessitate his maintaining his own burying ground."

## Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Remedy will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Remedy is taken in time. J. W. McCollum & Co.

## The Wrong Girl.

After a whole year of married bliss a young man named Hahn, living at Volosca, Dalmatia, discovered that he had not married the girl he intended. When he proposed to her he mistook her for her twin sister, who so resembles her that they can scarcely be distinguished, and he did not realize his error until he began calling her by her Christian name instead of by the terms of endearment he had hitherto used.

## When Trifles Become Troubles.

If any person suspects that their kidneys are deranged they should take Foley's Kidney Remedy at once and not risk having Bright's disease or diabetes. Delay gives the disease a stronger foothold and you should not delay taking Foley's Kidney Remedy. J. W. McCollum & Co.

## A REMOVAL

### and—THE REASON

This is to notify the public that we have removed our stock of Crockery, China and Glassware from the Graham building, 116 East Main street N., to our main stores, 120 E. Liberty street, where the entire upper floor will be devoted to this department.

This move will concentrate our business, and at the same time materially decrease our expenses. Taking into consideration these facts does it not look reasonable that we will now be in a position to sell this line at greatly reduced prices? That's the reason.

Come to our store, visit this department, and we will take pleasure in showing you the handsomest and most complete line ever seen in this town.

#### If It's Made of Glass or China We Have It.

## THERE ARE A THOUSAND AND ONE REASONS

Why we have been so liberally patronized. In the first place, we have the hearty support of our Stockholders and Directors—they know every penny earned by this Bank will be properly accounted for, and they will receive their proportionate share of the Bank's earnings—no "monkey business" here. Then we give our customers such universal satisfaction that they send us new business. We now have between 700 and 800 deposit customers—if you are not one, better fall in line with the "drove." Some good service here waiting for you.
